

## PAK-112MK2 - Active Speaker Cabin

The 100 series provides PA speaker systems of high power capability with a nice sound for PA and DJ applications, suitable for medium-sized to large function rooms. The timeless plastic cabinets are also very robust and have extensively been tested in practical operation. The active version PAK features a warm sound due to well-approved transistor technology and supplies dynamic reserves and power reserves. **Active DJ and power speaker system, 270 WMAX, 150 WRMS**
